

3 Column Radiator

745mm | 645mm | 450mm

3 column Cast Iron Radiators are a popular narrow column design available in three heights. A traditional Victorian cast iron radiator which was first produced in the 1880s.

Today, this simple design gives a contemporary feel, especially when fully polished and works well in corridors or where space is at a premium.

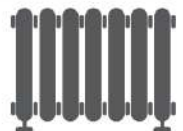

These cast iron radiators can be used in conjunction with 4 columns, 9 columns or 2 column versions that are complimentary to these castings.
