

Sovereign Baroque Radiator 760mm

Cast Iron Radiators 30 inch high Sovereign Baroque 760mm feature elegantly scalloped detail on the shoulder of the section casting. These cast iron radiators are a distinctively European adaptation of the Rococo design and emerged at the end of the Victorian era as the Edwardian period was beginning.

Sovereign Cast Iron Radiators are cast in Europe using traditional techniques and the same moulds that have been in use for generations. With paper gaskets and European levels of casting tolerance, this range of cast iron radiators are simply the best available in the UK today.
